## EDUCATION

---

<b>University of East Anglia, Norwich</b> PhD in Behavioural Economics	2022 – Present (Expected 2026)
<b>Lahore University of Management Sciences, Lahore, Pakistan</b> M.S. Economics	2018 – 2020
<b>Lahore University of Management Sciences, Lahore, Pakistan</b> B.S. Economics	2014 – 2018

## RESEARCH

---

**Can Loss Aversion Be Changed? Evidence from a Resilience Training Experiment** (Working Paper)

Laboratory experiment investigating whether resilience training can reduce loss aversion. Results show a significant short-run reduction in loss aversion in Certainty Equivalent tasks, highlighting the potential for structured psychological training to shape economic decision-making under risk.

**Adoption of New Teaching Practices: Evidence from a Survey Experiment** (Working Paper)

Multi-country survey experiment with 2,054 investigating whether behavioral intervention based on providing clear, detailed information about teacher training can increase teachers' willingness to adopt new classroom practices, with particularly strong effects for women and public-school teachers.

## CONFERENCES & SUMMER SCHOOLS

---

**EER Summer School in Experimental and Behavioural Economics**, LUISS, Rome      June 2025  
Attended lectures and workshops delivered by leading scholars, including Colin Camerer, Vincent Crawford, Michalis Drouvelis, and Catherine Eckel.
